LED Downlight • 9 Watt Swivel

Applications:
Bright, even downlighting for any
commercial or residential interior
application.

SGi 9 Watt dimmable LED swivel Downlights saturates your interior space with a strong and uniform glow. Their sophisticated recessed design is perfect as a new downlight installation, or as a retrofit or lighting replacement. The swivel feature allows these lights to conform to most ceilings and room architecture. SGi Downlights come in varying colour temperatures of whites from 2700K to 5000K. With its crisp shine the 9 Watt fixture is a brighter and more energy efficient lighting alternative to regular pot lights. It produces a consistent colour temperature and is ideal for ceiling heights of 12 to 17 feet.
